
CONSENT AND RELEASE AGREEMENT FOR PERMANENT COSMETICS

This form is designed to give information needed to make an informed choice of whether or not to undergo a permanent cosmetics application. If you have questions, please don't hesitate to ask.

Although permanent cosmetic tattooing is effective in most cases, no guarantee can be made that a specific client will benefit from the procedure.

This is the process of inserting pigment into the dermal layer of the skin and is a form of tattooing.

All instruments that enter the skin or come in contact with body fluids are sealed and sterilized before use and disposed of after use. Cross contamination guidelines are stickily adhered to.

Generally, the results are excellent. However, a perfect result is not a realistic expectation. It is usual to expect a touch-up after the healing is completed.

Initially the color will appear much more vibrant or darker compared to the end result. Usually within 57 days the color will fade 10-50%, soften and look more natural. The pigment is permanent but will fade somewhat over time and will likely need to be touched-up through the years.

Photography and Videography Release Consent

Marine Agency insurance company requires "Before" and "After" photos/videos to be taken and kept on file.

Photos and videos taken during or after the service may be used for advertising, promotional, and/or training purposes. By signing below, you acknowledge and agree to this as a condition of receiving the service.

Special requests, concerns or remarks for technician:

POSSIBLE RISKS, HAZARDS OR COMPLICATIONS

- **Pain:** There can be pain even after the topical anesthetic has been used. Anesthetics work better on some people than others. Lip procedures are more likely to involve some pain.
- **Infection:** Infection is very unusual. The areas treated must be kept clean and only freshly cleaned hands should touch the areas. See "After Care" sheet for instructions on care.
- **Uneven Pigmentation:** This can result from poor healing, infection, bleeding or many other causes. Your follow up appointment will likely correct any uneven appearance.
- **Asymmetry:** Every effort will be made to avoid asymmetry but our faces are not symmetrical so adjustments may be needed during the follow up session to correct any unevenness.
- **Excessive Swelling or Bruising:** Some people bruise and swell more than others. Ice packs may help and the bruising and swelling typically disappears with 1-5 days. Some people don't bruise or swell at all.
- **Eye Exposure:** There is a small risk of eye injury when an eyeliner procedure is performed. To avoid corneal abrasion, Celluvisc, a thick eye drop is used to protect the eye prior to the procedure. Eye drops are used to cleanse and flush the eye after the procedure is complete.
- **Anesthesia:** Topical anesthetics are used to numb the area to be tattooed. Lidocaine, Prilocaine, Benzocaine, Tetracaine and Epinephrine in a cream or gel form are typically used. If you are allergic to any of these please inform me now.
- **MRI:** Because pigments used in permanent cosmetic procedures contain inert oxides, a low level magnet may be required if you need to be scanned by an MRI machine. You must inform your technician of any tattoos or permanent cosmetics.
- **Fever Blisters:** If you are prone to cold sores or fever blisters, (herpes simplex), there is a high probability that you will get them. It is advised that you call your doctor for a prescription antiviral to help prevent this from occurring.
- **Allergic Reaction:** There is a small possibility of an allergic reaction. You may take a 5-7 day patch test to determine this. Please initial to: **Waive** _____ or **Take** _____.

The alternative to these possibilities is to use cosmetics and not undergo the Permanent Cosmetics procedure.

STATEMENT OF CONSENT AND RECITALS

(Please read and initial all lines)

___ Aftercare instructions have been explained to me and a written copy will be given to me to retain in my possession, which I will follow to the best of my ability. If I have questions I will call or email you.

___ I understand that a certain amount of discomfort is associated with this procedure and that swelling, redness and bruising may occur.

___ Fever blisters may occur in lip procedures in individuals who have the herpes simplex virus and it is my responsibility to obtain a prescription from my doctor for an anti-viral medication to help avoid a breakout.

___ I understand that Retin A, Renova, Alpha Hydroxy and Glycolic Acids must not be used on the treated areas. They will alter the color.

___ I understand that sun, tanning beds, pools, some skin care products and medications can affect my permanent makeup.

___ I understand that successful lip color saturation can NOT be guaranteed due to hidden scar tissue.

___ I will tell all skin care professionals or medical personnel about my permanent makeup procedures, especially if I'm schedule for an MRI.

___ I accept the responsibility for explain to you my desire for specific colors, shape, and position for any procedure done today. I also understand that it is my responsibility to make sure colors, shape, and position for any procedure done today is to my liking, and there will be a charge for any adjustment that needs to be done after I leave the salon.

___ I understand that implanted pigment color can slightly change or fade over time due to circumstances beyond your control and I will need to maintain the color with future applications and a touch up session within 60 days.

___ I acknowledge that the proposed procedure(s) involve risks inherent in the procedure and have possibilities of complications during and/or following the procedures such as: infection, misplaced pigment, poor color retention and hyper-pigmentation.

___ I have been quoted the cost of today's appointment: \$_____ **Date:** _____
(A suggested touch up session after 30 days and within 60 days from today is available for a small fee. **It is my responsibility to book for this touch up session if I decide to do so**)

___ I accept full responsibility for the decision to have this cosmetic tattoo work done.

I certify that I have read or have had read to me the contents of this form. I understand the risks and alternatives involved in this procedure(s) and I have had the opportunity to ask questions and all of my questions have been answered. I acknowledge that I have reviewed and approved the material given to me and I authorize Amy Le, as my semi-permanent cosmetics professional to perform on my body the following procedures.

AFTERCARE

After care is very important for producing a beautiful and lasting result.

- Keep the area clean by washing with freshly washed hands and a mild soap. Do not use a washcloth or sponge to remove soap. Simply splash with water. Do not use cleansing creams, acne cleansers or astringents. Use a mild, natural soap.
- Apply the aftercare balm with freshly washed hands or a Q-tip. If the balm is too stiff to use simply warm it up in a glass of warm water or on your finger. Use the balm very sparingly. Too little is better than too much. Blot off excess with a clean tissue. Never touch the procedure area without washing your hands immediately before.
- Do not scrub, rub or pick at the epithelial crust that forms. Allow it to flake off by itself. If it is removed before it is ready, the pigment underneath can be pulled out.
- Do not use any makeup near the procedure area including mascara for eyeliner procedures for at least 3 days. Purchase new mascara and makeup if possible to avoid contamination or bacterial infection.
- Always use a sun block after the procedure area is healed to protect from sun fading.

What's normal?

- **Swelling, itching, scabbing, light bruising and dry tightness.** Ice packs are a nice relief for swelling and bruising. Aftercare calm is nice for scabbing and tightness.
- **Too dark and slightly uneven appearance.** After 2-7 days the darkness will fade and once swelling dissipates unevenness usually disappears. If they are too dark or still a bit uneven after 4 weeks then we will make adjustments during **the touch up appointment.**
- **Color change or color loss.** As the procedure area heals the color will lighten and sometimes seem to disappear. This can all be addressed during the touch up appointment and this is why a follow up is recommended and a touch up is necessary. The procedure area has to be completely healed before we can address any concerns. This takes at least four weeks.
- **Needing a touch up months or years later.** A touch up may be needed 1 to 5 years after the initial procedure depending on your skin, medications and sun exposure. We recommend a follow up is scheduled 4 weeks after the initial procedure to insure all pigments are in place and that aftercare was done properly. A fee of \$50 or more (will be discussed) will be applied if a touch up is needed to correct any pigment loss or poor aftercare. A suggested touch up every few years to keep them looking fresh and beautiful. It is your responsibility to book for your touch up within 30 days after the first session for a small fee. Touch up sessions after 60 days will be \$175 or current touch up rate at time of touch up.

Failure to follow after care instructions may result in infections, pigment loss or discoloration.

I have read, understand and agree to the above instructions.

PERMANENT COSMETICS WAIVER AND RELEASE FORM

I authorize my semi-permanent cosmetics professional (stated above) to perform the permanent cosmetics procedure. The risks of the cosmetic procedure I have chosen, have been disclosed to me. It has been represented to me that no guarantees, warranties, promises, commitments or other statements as to the results of this treatment have been made, and I acknowledge that I have received no particular representations or guarantees, and I am consenting to the procedure at my own risk. I have revealed or disclosed on the Medical Profile form all conditions and circumstances regarding my health and health history, medications being taken and any past reactions to products used or medications taken. Additional conditions could occur or be discovered during or after the procedure, which could affect my ability to tolerate the procedure.

I understand the success of my permanent cosmetics process requires my careful maintenance. I understand that I must strictly adhere to all aftercare instructions and it is my responsibility to take care of my tattoo(s) once I leave the establishment. I understand that failure to follow after-care instructions may result in infection, pigment loss, or discoloration. I agree to and understand all of the above information and consent that all of the information is correct to the best of my knowledge.

I, as herein signed, release, give up, acquit and discharge my semi-permanent cosmetics professional and/or anyone affiliated with, from any claims or damages of any nature. I agree to pay any costs of legal services necessary to further effect or confirm said release. I further agree that this release shall be in contemplation of any possible damages, either known or unknown at the signing of this waiver and release form, and said damages are specifically waived following the signing of this waiver and release form. I further agree to hold my semi-permanent cosmetics professional nameless and harmless from any and all damages. I release my semi-permanent cosmetics professional from any responsibility for pre-existing conditions I have not revealed, or any consequential change to those conditions that arises subsequent to the procedure. I understand that I am responsible for any medical treatment I may need as a result of getting this procedure. I accept full responsibility for these and any other complications, which may arise or result during or following the permanent cosmetics procedure, which is to be performed at my request.

Please read the following statement and sign and date on the line to indicate that you have read, understand and accept the following statement:

I, the client herein signed, certify that I have read and had explained to me and fully understand the above waiver and release form. I certify that I have been consulted with a semi-permanent cosmetic professional and have read all applicable literature given to me. I have completed the above forms to the best of my knowledge. I accept the explanation of potential complications and risks described herein. I certify I am of sound mind, and I am fully capable of executing this waiver and release form for myself. I, the undersigned client, acknowledge and fully understand that there might be other unknown risks not reasonably foreseeable at this time. I, the client herein signed, for the purposes of documentation, hereby consent to "before and after" photographs, which may or may not be used for the purposes of advertising.
